H. V. Narayana Rao, Esq , B A ,LL.B.,
Secretary to Government of Mysore,
Law Department, Bangalore

Sir,

Subject -Appointment of a combined driver and fitter to the Second Borewell at Bowringpet

I have the honour to state that there are two borewells for the supply of water to Bowringpet town with a combined Driver and Fitter for each of them, the appointment of a combined Driver and Fitter for borewell No I having been sanctioned in Government Order No.L 5316-17/M1 15-31-54 dated 28/29-1-1932 Borewell No.II was sunk in the year 1939-40, to meet the needs of the town It is reported that the services of a combined Driver and Fitter were found necessary for the secord borewell pump also and that one Govindarajulu who was found fit for the post was appointed on a pay of Rs.20 plus the usual special locality allowance of Rs 1-8-0 per mensem with effect from 18-6-1940, by the then Amildar President of the Municipality The appointment is being continued since then and the Municipal Council have resolved at their meeting held on 31-8-1941 to continue the same till the end of the current year

The appointment of the second Driver and Fitter should not have been made by the President on his own responsibility without obtaining sanction of competent authority thereto The President however reports that the services of the two men are quite necessary to manage the pumpes at the two borewells which are situated at a distance of about three-fourths of a mile from each other and that each man has to work for at least 8 hours a day

In the circumstances stated above, I recommend that the resolution of the Municipal Council to continue the services of the second Driver and Fitter till the end of the current official year may kindly be sanctioned by Government A copy of the resolution is
